Education

Jeppiaar Institute of Technology (Anna University) Aug 2021 – May 2025
B.Tech – Artificial Intelligence and Data Science *CGPA: 7.34/10.0*

PIUS XI HR SEC School, Kanyakumari Apr 2019 – May 2021
Higher Secondary – Computer Science *Percentage: 76.5%*

Experience

AI Intern – Internship 5.0 (B2) Oct 2024 – Dec 2024
Infosys Springboard *Remote*

- Participated in Infosys Springboard Internship 5.0 (B2), focused on AI Powered Call Centre Intelligence.
- Completed the mandatory assignment related to AI Powered Call Centre Intelligence as part of the internship program.

Machine Learning Intern Aug 2023 – Sep 2023
Retech Solutions Pvt. Ltd *Chennai, India*

- Built 3 predictive models using TensorFlow and scikit-learn achieving 87% accuracy on customer churn prediction across 50,000+ records through feature engineering with Pandas
- Performed data analysis identifying 12 key features that improved model performance by 15% and reduced false positives from 24% to 13%

Social Media Marketing Intern Dec 2021 – Feb 2022
GEEKSGOD *Bhopal, India (Remote)*

- Boosted Instagram engagement by 65% (2.1% to 3.5%) analyzing 10,000+ interactions with Python analytics tools
- Automated reporting with Python and SQL cutting manual work from 8 hours to 45 minutes weekly, improving campaign reach by 23%

Projects

JobTrakt – Job Application Tracker | *Java 21, Spring Boot, PostgreSQL, React, TypeScript* 2026 – Present

- Built a full-stack job search workspace for tracking applications, scheduling follow-ups, managing interviews, and reviewing weekly job search summaries
- Implemented JWT authentication, user-scoped application management, PostgreSQL-backed job scheduling with retries, in-app notifications, dashboard analytics, and OpenAPI documentation

AI Powered Call Centre Intelligence | *Infosys Springboard Internship 5.0 (B2)* Oct 2024 – Dec 2024

- Completed the mandatory internship assignment focused on AI Powered Call Centre Intelligence through the Infosys Springboard Internship 5.0 program.
- Internship project details and implementation technologies available upon request.

Customer Support Chatbot with RAG | *LangChain, Pinecone, FastAPI, React* Aug 2024 – Nov 2024

- Created RAG-powered chatbot reducing support response time by 50% using vector search across 5,000+ documents
- Implemented conversation memory increasing multi-turn accuracy from 68% to 89% and reducing agent escalations by 35%

Technical Skills

Languages: Java, Python, JavaScript, SQL, HTML/CSS
ML/AI: TensorFlow, PyTorch, scikit-learn, Pandas, NumPy, OpenCV, LangChain, NLP, Computer Vision
Web Dev: React.js, Node.js, Spring Boot, FastAPI, Flask, REST API, Docker, Git
Data Tools: PostgreSQL, MySQL, Excel, Tableau, Statistical Analysis
OS/Tools: Linux, Bash Scripting, Shell Commands

Certifications

Infosys Springboard Internship 5.0 (B2) – AI Powered Call Centre Intelligence – Infosys Springboard (2025)
Claude Code in Action, Model Context Protocol (Advanced & Intro), AI Fluency Framework – Anthropic (2024-25)
Joy of Computing with Python – NPTEL | **Network Essentials** – NAAN Mudhalvan (2022-24)
